Re: School Board of Lake County "Career Pathways" Agreement

Dear Ms. Hipps:

Enclosed for your file is one (1) fully executed original of the above-referenced Agreement which was approved by the College's President & District Board of Trustees on January 22, 2020.

If you have any questions, feel free to contact my office at 352-873-5823.

Sincerely,

Charles A. Prince
Vice President, Administration and Finance

**Articulation Cooperative Agreement for Career Pathways
Between the District Board of Trustees of Central Florida Community College
and The School Board of Lake County, Florida
2019-2020**

I. Mechanisms and strategies for promoting “Career Pathways” programs of study

A. Courses and programs available to students eligible for Career Pathways

1. A Career Pathway is a coherent sequence of rigorous academic and technical courses that prepare students for successful completion of state academic standards and support transition to more advanced postsecondary coursework in a related career area of interest. According to the Florida Department of Education (DOE Information Data Base Requirements, Vol. 1), a Secondary Career Pathways Student is defined as a career and technical education student who has earned three or more high school credits in a single career and technical program concentrator, formerly known as program completer, and has participated in a locally developed Program of Study that has a written articulation agreement in place which establishes and validates the career pathway. Such is the purpose of this articulation agreement between the College of Central Florida and The School Board of Lake County, Florida.
2. Courses to be provided by The College of Central Florida under this agreement will be mutually agreed upon by The College of Central Florida and The School Board of Lake County, Florida and will avoid unnecessary duplication of existing courses in grades 9-12. Alterations to this list of offerings may be made with mutual consent of the designees of the College of Central Florida and The School Board of Lake County, Florida. (See Appendices A-L for articulated programs).
3. The College of Central Florida will develop a student education plan for each student applying for Career Pathways credit. In order to develop said plan, the student will present a high school transcript, which will be evaluated for purposes of determining college credits to be applied toward an Associate in Science degree. Said Associate degree will be the student’s stated education objective.

B. The process for notifying parents and students of the option to participate in Career Pathways programs

1. The School Board of Lake County, Florida shall identify those students who have completed Career Pathways courses of study in high school and shall so notify the College of Central Florida.
2. The College of Central Florida will make available advising services to Career Pathways students, as provided to all College of Central Florida students.
3. The School Board of Lake County, Florida has the responsibility to notify parents and students of the option to participate in Career Pathways programs.

C. Eligibility criteria for student participation

1. Eligibility for participation in a Career Pathways program of study at the high school level is determined by a student's enrollment in a Career & Technical Education Program of Study. A student who is defined as a "concentrator" and has met the minimum academic requirements of a "B" (3.0) in the CTE Program is considered a Career Pathway student.
2. Once admitted to the College of Central Florida, articulated credits will be determined after the student has presented the appropriate dean and the Career Pathways Coordinator with a copy of his/her transcript.

D. Institutional responsibilities for student screening prior to enrollment and monitoring enrolled students

1. The School Board of Lake County, Florida shall identify those students who have completed Career Pathways courses of study in high school and shall so notify the College of Central Florida.
2. The College of Central Florida will make available advising services to Career Pathways students, as provided to all College of Central Florida students.

E. Awarding college credit for articulated Career Pathways courses

1. To receive Career Pathways credit, students must demonstrate mastery of articulated career and technical courses by earning at least a grade of "B" as indicated on their official high school transcripts. Additionally, students are required to pass an exam and/or approved alternative assessment of work to demonstrate mastery of course material at a level acceptable to the College of Central Florida.
2. Upon satisfactory completion of the Career Pathways assessment, the dean (or designated reviewer) will forward the articulated credits to the College of Central Florida Admissions and Records office. Upon receipt, the Admissions and Records office will process the articulated credit as an "S" for satisfactory on the student's transcript and will not factor into the student's College of Central Florida grade point average.
3. Statewide Career and Technical Education Articulation Agreements, which are based on nationally recognized industry certification, support the Department of Education's Next Generation Strategic Areas of Focus (number three) effort to "expand opportunities for postsecondary degrees and certifications." Gold Standard Career Pathways Industry Certification to AAS/AS Degree Statewide Articulation Agreements based on nationally recognized industry certification does not preclude College of Central Florida from granting additional credit based on this local agreement.

F. Criteria by which the instructional quality will be maintained

The College of Central Florida shall be responsible for ensuring that the quality of instruction provided to Career Pathways students is comparable to that afforded other College of Central Florida students.

G. Cost of Career Pathways

Students who receive Career Pathways credits shall be exempt from the payment of registration and laboratory fees for those high school classes for which they receive credit according to the articulation agreement.

H. Program review

1. The College of Central Florida and The School Board of Lake County, Florida personnel will, on an annual basis, review and revise existing articulation agreements as needed to keep them aligned with the most current program and course requirements. These programs will also be reviewed and revised to accommodate and adapt to changing labor market trends and demands.
2. The College of Central Florida and The School Board of Lake County, Florida personnel will actively seek to develop additional articulated Career Pathways programs of study as new programs are added at the secondary and/or postsecondary levels.

II. Accountability

These provisions shall not prevent a Board assigned responsibility for one or more of these programs from developing joint programs of contracting for specific instructional services with another Board or agency.

For each of these programs, all related enrollment projections, FTE reports, cost analysis, and other elements required for the allocation of funds shall be the sole responsibility of the assigned board unless herein indicated.

III. Sharing of Data

The College of Central Florida and The School Board of Lake County, Florida agree to share student educational data under conditions consistent with the Family Educational Rights and Privacy Act (FERPA). Either party may initiate requests to share data if it has a legitimate educational interest in the data. The shared information shall be used solely to benefit the Career Pathways program and students by facilitating access to and increasing educational opportunities at both institutions. Each institution will be deemed a school official of the other for purposes of this Agreement. College of Central Florida will provide information about the sharing of data in its annual notification to students.

IV. Term, Termination, and Modification of Agreement

This Agreement and the policies and allocation of responsibility shall be effective upon being signed by the Board President but shall be executed before registration for the fall term of the

following school year. This agreement shall be for the 2019-2020 term and shall be eligible for renewal each year upon mutual written agreement of the parties. The Agreement may be modified or terminated by either party with a thirty (30) day written notice.

College

The College of Central Florida

I. Articulated Courses and College Credit

CF agrees to award college credit hours or admission points to the secondary programs listed above upon demonstration of mastery of competencies in the courses below either through Career Pathways College Credit Assessment or through Industry Certification.

- A. *College Credit through Career Pathways College Credit Assessment:* The following high school course(s) must be maintained with a grade of "B" or better before assessment will be made to award the CF credit hours and/or admission points:

High School Courses	CF College Courses	College Credits
8207310 Digital Information Technology 8212110 Administrative Office Technology 1 8212120 Business Software Applications 1	OST 1100 Introduction to Word (3)	3

- B. *College Credit through Industry Certification:* Students who obtain the following Industry Certification(s) will be awarded credit for the postsecondary course(s) listed below:

Industry Certification	CF College Courses	College Credits
MICRO 017 Microsoft Office Master MICRO 069 Microsoft Office Specialist Microsoft Excel Expert Microsoft Word Expert	<u>Microsoft Office Master</u> CGS 1100 Microcomputer Applications (3) CGS 2103 Spreadsheet Applications (3) OST 2717 Advanced Word (3) CGS 2540 Database Management (3) <u>Microsoft Office Specialist</u> OST 1100 Introduction to Word (3) <u>EXCEL Expert</u> CGS 2103 Spreadsheet Applications (3) <u>WORD Expert</u> OST 2717 Advanced Word (3)	Up to 15

Edited 5/23/2019

Representatives of CF's Career and Technical Education (CTE) programs will review, at least annually, the content of the high school curriculum, as specified in this Agreement, to ensure standardization and attainment of goals.

II. General Provisions

Comprehensive College Examination and Industry Certification: To receive college credit, students must meet the following criteria:

- A. Have a minimum of a "B" average in the high school course(s) designated in this document and have the recommendation of the high school CTEprogram instructor and permission of the parent/guardian to take a college comprehensive examination for the articulated course(s).
- B. Pass the college comprehensive examination(s) approved by the CTE programs coordinator or obtain Industry Certificate(s) as listed. The high school instructor and the CF programs coordinator will make arrangements once a year through the Career Pathways coordinator to administer the examination(s) at the CF campus or to verify Industry Certification results. The high school and college faculty will identify course competencies.

Students who choose to be exempted from all or part of the examination requirements by Industry Certification will receive credit by experience for the class in question if all other requirements are met.

- C. Students who score a minimum of eighty percent (80%) on the comprehensive institutional examination, or obtain the Industry Certification(s) as listed, will be awarded a grade of "S" which will not factor into the student's CF grade point average. A permanent college transcript will be generated. The exam results or proof of Industry Certification will be reported to the Career Pathways coordinators at CF and Lake County Public Schools.
- D. If the credit(s) for the articulated course(s) meet A.S. degree requirements, they will be applied toward the A.S. degree. Students will not be officially admitted to CF until all required admissions criteria have been met.

III. Sharing of Data

CF and The School Board of Lake County, Florida agree to share student educational data under conditions consistent with the Family Educational Rights and Privacy Act (FERPA). Either party may initiate requests to share data if it has a legitimate educational interest in the data. The shared information shall be used solely to benefit the Career Pathways program and students by facilitating access to and increasing educational opportunities at both institutions. Each institution will be deemed a school official of the other for purposes of this Agreement. CF will provide information about the sharing of data in its annual notification to students.

The high school instructor and the CF programs coordinator will make arrangements once a year through the Career Pathways coordinator to administer the examination(s) at the CF campus or to verify Industry Certification results. The high school and college faculty will identify course competencies.

Students who choose to be exempted from all or part of the examination requirements by Industry Certification will receive credit by experience for the class in question if all other requirements are met.

- C. Students who score a minimum of seventy percent (80%) on the comprehensive institutional examination, or obtain the Industry Certification(s) as listed, will be awarded a grade of “S” which will not factor into the student’s CF grade point average. A permanent college transcript will be generated. The exam results or proof of Industry Certification will be reported to the Career Pathways coordinators at CF and Lake County Public Schools.
- D. If the credit(s) for the articulated course(s) meet A.S. degree requirements, they will be applied toward the A.S. degree. Students will not be officially admitted to CF until all required admissions criteria have been met.

III. Sharing of Data

CF and The School Board of Lake County, Florida agree to share student educational data under conditions consistent with the Family Educational Rights and Privacy Act (FERPA). Either party may initiate requests to share data if it has a legitimate educational interest in the data. The shared information shall be used solely to benefit the Career Pathways program and students by facilitating access to and increasing educational opportunities at both institutions. Each institution will be deemed a school official of the other for purposes of this Agreement. CF will provide information about the sharing of data in its annual notification to students.

Representatives of CF's Career and Technical Education (CTE) programs will review, at least annually, the content of the high school curriculum, as specified in this Agreement, to ensure standardization and attainment of goals.

II. General Provisions

Comprehensive College Examination and Industry Certification: To receive college credit, students must meet the following criteria:

- A. Have a minimum of a "B" average in the high school course(s) designated in this document and have the recommendation of the high school CTE program instructor and permission of the parent/guardian to take a college comprehensive examination for the articulated course(s).
- B. Pass the college comprehensive examination(s) approved by the CTE programs coordinator or obtain the Industry Certificate(s) as listed. The high school instructor and the CF programs coordinator will make arrangements once a year through the Career Pathways coordinator to administer the examination(s) at the CF campus or to verify Industry Certification results. The high school and college faculty will identify course competencies.

Students who choose to be exempted from all or part of the examination requirements by Industry Certification will receive credit by experience for the class in question if all other requirements are met.

- C. Students who score a minimum of seventy percent (70%) on the comprehensive institutional examination, or obtain the Industry Certification(s) as listed, will be awarded a grade of "S" which will not factor into the student's CF grade point average. A permanent college transcript will be generated. The exam results or proof of Industry Certification will be reported to the Career Pathways coordinators at CF and Lake County Public Schools.
- D. If the credit(s) for the articulated course(s) meet A.S. degree requirements, they will be applied toward the A.S. degree. Students will not be officially admitted to CF until all required admissions criteria have been met.

III. Sharing of Data

CF and The School Board of Lake County, Florida agree to share student educational data under conditions consistent with the Family Educational Rights and Privacy Act (FERPA). Either party may initiate requests to share data if it has a legitimate educational interest in the data. The shared information shall be used solely to benefit the Career Pathways program and students by facilitating access to and increasing educational opportunities at both institutions.
